WANTED- Three dozen fat crows, at once.—Address Nashville Democrat, care of the NEWS

A CALL-The time is at hand when we should cast around for a suitable person to represent us, in the next election for the Legislature and amongst the many good men for the position, we know of no one better fitted for the office than J.D.Granger, of Darville. He is capable, and he is honest, and has the ability to carry the grand old banner of democracy to victory. Let him be called out at once, that he may begin to get ready for the canvass. Respectfully, DEMOCRAT.

THE LATE DR. JOHN BROWN

As heretofore announced, about ten days ago, the startling sad news reached our people that Dr. John Brown of White Oak, Humphreys county, an old and highly respected citizen, and one of the pioneer settlers of the country, had passed peacefully away after a brief illness of only two days. The large space which he occupied in the public esteem renders a more extended notice of him, though at this late period, necessary, and, having been for many years an intimate friend, this task is not peculiarly congenial to the writer,

John Brown, son of Alexander and Kesiah Brown formerly Kesiah Brothers was born in Barren County near Glasgow, Ky, July 30th, 1804.

His family removed to Tennessee in 1811, and settled on White Oak, the place where he died, at that time in Stewart County, Tenn, but since then, by alteration of county line first in Houston, then in Humphreys county.

Dr. Brown, in early years practiced medicine with great success, but becoming tired of a profession rather distasteful to him, he abandoned it and devoted himself afterwards chiefly to agricultural pursuits. He was deputy surveyor of Stewart County for many years and afterwards principal surveyor of Humphreys and at one time also of Houston Co.

In 1832, he married Nancy Thompson, by whom he had two sons, who have since died. In 1836, he married Lucy Draper, by whom he had four daughters and one son, all of whom are still living. His father, Alexander Brown, was born in Maryland in 1777, and died in 1847 in Stewart County. Dr. Brown's second wife preceded him to the grave only a few years, having departed this life in December 1884.

The subject of this biographical sketch died as heretofore announced, as him here, the old family homestead, on White Oak, on the 10th of May, 1888, in the 84th year of his age. How graphically, how sadly, and yet how characteristically the melancholy intelligence was conveyed to the writer in a letter received by a valued mutual friend on the day after his death! "Our dear old friend Dr. Brown, died yesterday, after 12 (noon) having only been sick for two days. On Monday he was quite himself, talking to us of old times in a very cheerful manner. On Tuesday, he rose early as usual and working, fixing the fire, when an excruciating pain struck him at the back and front of the head. Every attention was paid to him, after suffering a great deal at times, he passed away quietly."

Thus died a man, who, as a citizen, husband, father and friend, would have been an honor to any country, to say nothing of his proverbial hospitality, amiable disposition, and sterling integrity and fidelity to his convictions, joined to the courage of a lion. Farewell, venerable friend. Thou has left an aching void in many hearts, doubtless in one certainly, and the writer, as the years go by, will sadly miss thy pleasant fireside with its cordial and homelike hospitality,

thy cheerful countenance, thy agreeable and instructive conversation as of yore, for the dear homestead, though still occupied by valued and respected friends has lost its chief attraction and principle charm forever

Let autumn leaves drop slowly, purely and gently onto thy tomb.

Miss Mattie Morris paid Indian Mound a short visit last Saturday and Sunday.

One of our young men that handles the yardstick, has been looking awful sad since spring but his countenance is illuminated with smiles once more. She has returned and we hope she will stay.

Some of our Hurricane friends attended church here last week. One of the young men said he would go home with a certain girl if she would invite him. She said Stewart girls do not have to ask young men to go with them.

THAT "DENT" CORN

I want to make a correction in my statement in regard to my fine "Dent" corn; in the yield, I stated it would make 10 bushels per acre. I have gathered the last field; it only made 4 1/2 bushels per acre instead of 10. I will now give the cost of making this corn: two hands 20 days to clean up field -\$20; 4 days to break it up \$4; re-bricks-4 days-\$4; harrowed 2 days-\$2; two hands to plant one day \$1; corn now up, I should have put the fertilizer in the hill before planting but I did not; dug hole in side of each hill and put fertilizer in; cost of fertilizer \$7; plowed 6 times, two days each time-\$12; hewed twice, 2 hands \$4. Now you see the cost to make 31 1/2 bushels of corn was \$123. If any farmer wants any of this dent corn, they can get it from D.M. Ferry Seed House. H.H. Trinkle

The Tobacco Congress which met at Clarksville last week passed a resolution not to raise any tobacco next year. While we are not overflowing with confidence in the policy or the practicability of the move, we shall throw no chunks in the way. Farmers should at least curtail their average and raise no more nondescript tobacco. The move will result in one good. If it fails in its abstention policy, and that is the thorough organization of the farmers of the tobacco growing community.

HORRIBLE ACCIDENT

An awful catastrophe happened near Darville on Friday last, after we had gone to press. While Mr. Conductor Vick's north-bound freight train was approaching Erin from Darville, between the latter place and McKinnon, at 4 o'clock P.M., the boiler exploded instantly killing Mr. M.A. Connor, engineer and Geo. Stull, fireman and fatally wounding Mr. Jack Wheatly, a brakeman, who died of his injuries, within an half hour after the accident occurred. Mr. Connor was blown about sixty yards in front of the engine and Mr. Wheatly was blown straight upward, nearly the same distance, in the air, and was most dreadfully mangled. Mr. Stull was blown the same distance in the rear of the train, the whole left side of his forehead being blown off.

Mr. James Lee Jr, son of J.S. Lee, Esq., a prominent attorney of Erin, was seriously, but it was learned, not fatally injured by being thrown over a falling stove. Mr. J.W. Vick, the conductor of the train, escaped with very slight injuries, while Mr. Haywood Hayes, another brakeman was struck on the cap of the knee and knocked off a car by a piece of the boiler and was confined to his room for a day or two on account of the injury he sustained.

Mr. Connor had a family in Erin, being the son-in-law of Mr. McKendree Hollister, a prominent citizen of this town, and leaves a wife and one child.

Mr. Stull was unmarried, but had many friends in Erin and his father lives near Nashville,

Mr. Wheatly was taken from the wreck to Faxon, in Benton County, where his relatives live, to be buried and Mr. Connor was buried at Erin on Saturday. Mr. Stull's father was telegraphed for, and being sick and unable to come, his uncle, Mr. Ed Branwell came down on No. 103 and took his remains with him that evening to Nashville for interment.

The engine was an old one which was regarded as unsafe and a better one was promised soon.

Quite a large concourse of sorrowing and sympathizing friends attended the funeral of Mr. Matt. A. Connor on Saturday. He was a man who, although not without fault, was yet possessed of many gentile and generous traits of character and if he had any enemies in Erin, it was not known. Poor Matt, let us drop the veil of charity over his faults, remember only his good traits, of which he had many, and leave him in the hands of a God of infinite mercy and goodness.

TENNESSEE STRIKE NEWS

Reports from the wheat crop indicate considerable injury by rust in many counties in the middle and western districts to the extent it will reduce the prospective yield. A few counties report complaints of injury by a very small green bug. Much of the crop is beginning to ripen and harvest will begin within the next ten days. In many counties the crop is reported fine. There is also much complaint of rust in oats. Corn was improved by the rain and about all of the crop has been put in. Reports from the cotton crop are not encouraging the late cool, dry weather caused much of the late plantings to rot. Tobacco planters had a pretty fair season early in the week and made good use of it by setting out plants. Fruit prospects are flattering. The dry weather has caused some shedding but reports indicate a plentiful supply. The peanut crop is late and needing rain to make anything like a crop.

We are sorry to learn that a great deal of sickness prevails on White Oak Creek in the neighborhood of Mr. James Petty's. Quite a number are down with typhoid fever, and a son of Milton Scholes, a young man 17 or 18 years of age, died with it last week. It will be remembered that Charlie Wynn died in the same neighborhood a short time ago. He was a victim of the same disease.

One of the sad events of the week, though not unexpected, was the death of Miss Sallie Willett at her parents home in Erin, on Monday morning. She had been a long sufferer with complications and was a good religious girl who has gone to her reward. She was carried to Springville for interment. The parents have the sympathy of the entire community.

CENTURY

In memory of Sallie Wilson Willett, daughter of David L. and Jane A. Willett, who died May 23 1891. She professed religion early in life and was at the time of her death a member of the M.E. Church, South.

More than a year ago that full destroyer, consumption, marked her as its victim. It was "my pleasure" to be with her during her protracted suffering and I always found her submissive and patient and ready to say "Thy will be done". She manifested a deep concern for her brother and would often say; "If he were only ready I would have no fears but will we be a united family around the throne."

She leaves father, mother, four sisters and two brothers to mourn her absence. The funeral services were held at the M.E. Church, South by the Rev. J.W. Drake of the Methodist Church and Rev. J.J. Rye of the Quakerland Church. These ministers both visited her often during her sickness and had many words of cheer from her Christian lips. After the service, the remains were carried to the depot to await the 11 p.m. train to be carried to her childhood home in Springville, Henry County.

SOUTHWEST TEXAS (written by a former Erin resident) San Antonio, Tex. May 18, 1891
The season for staple productions in somewhat backward, the weather is continuing unusually cool for May, yet the reports from different directions are very satisfactory. The rains of the last few days have been general and ample for a necessary product.

Wool is coming to the market in a fair quantity and is of unusual quality as well. Grazing land for sheep can be had at a low

price and a good deal of desirable grazing land is still on the market

Corn has reached the roasting ear stage on the Rio Grande and a general supply will be on the market in a few days. An abundance of vegetables of all kinds are already on the market. There is a full supply of peas, beans, squashes, tomatoes, celery, green corn, artichokes, cucumbers, cauliflower and berries of every kind.

"German Syrup"

I live at Erin, Tenn. I have used German Syrup for six years successfully for Sore Throat, Coughs, Colds, Hoarseness, Pains in Chest and Lungs and Spitting up of Blood. I have tried many kinds of Cough Syrups in my time, but let me say to anyone wanting such a medicine—German Syrup is the best. It is an excellent and very sudden changer from cold to hot, damp weather—best in season when Cough Syrup is used, there is little trouble from colds. John F. Jones.

Joseph Thompson, an old colored man, died last week on White Oak Creek, in this county. He was born March 1, 1792 and died March 6, 1892 and consequently was one hundred years and five days old when he died.

It is reported that the Paducah, Tennessee & Alabama Railroad is about to scoop the Tenn. Midland. If it does, it will unite with it

at the Tennessee River, and from thence build one branch to Nashville and another to Florence Ala.

Mr. W.L. Douglas, the shoe man, is a handsome fellow, and his sublime faith in advertising is sure to win, if it has not already won, for him a colossal fortune. We wish there were more business men in the world that has Douglas' sense.

Thos. Couran, formerly conductor on the L & N Railroad, between Erin and Paris, died suddenly in Tucson, Arizona where he had gone hoping to recuperate his health. His remains were shipped to Kentucky for interment.

The Rev. W.L. Jackson has been very ill at Cumberland City, so ill that he was not able to fill his appointments in Erin on Sunday and Sunday night but we are glad to say he is improving and will be himself again in a few days. His appointments were filled by Rev. J.I.J. Adams at 11 a.m. and W.H. Broadbus at 7 p.m.

There has been no school at the College this week, Prof. Hogan being sick with la grippe and erysipelas. Our worthy County Trustee, Mr. Geo. H. French the other day paid, a jury ticket issued to Mr. M.V. Patterson for two days attendance as a juror, dated August term 1871, and signed by J.G. (?). Mr. M.V. Patterson has been dead for several years, and the paper got lost or mislaid among his effects. When it was found, presented and paid as stated a few days ago.

How will this do for March 18th? Twelve inches of the beautiful white snow fell night before last and yesterday and to-day. Although the snow has sunk several inches on account of the ground being war, and wet everything is still shrouded in a white garment, as it was. This morning old Sol is occasionally peeping from behind the clouds, and endeavoring to get a chance to melt the snow.

The Ladies' Christian Union, will give a Lunch and Oyster supper at Mr. Joe Harris' on Tues. night, March 20. Everyone is invited. A small charge will be made for the lunch and oysters. No charge at the door.

Clarkville is becoming rather famous for having babies left on peoples' door steps. The strange part of it is that they are nearly all girl babies.. Another girl baby was turned over to Judge Tyler on Saturday. It is thought that a clue has been discovered that will throw some light on the latter transaction.

TAKE NOTICE

People ought to know that a paper cannot be profitable run on credit from year to year, and so no one should expect it. We therefore have this to say to some of our patrons: "If you are not able to pay for the NEWS, we don't want you to take it." And if you owe for it and cannot pay for it come and tell us so and we will give you a receipt and STOP the paper. We want such matters closed up in some way. We would not say this but there are a few men on our list whose accounts we desire closed. We greatly appreciate the kind and liberal patronage of the public, but we had rather give a man the paper than to have him promising to pay his subscription from week to week and never doing it.

AN ANCIENT RELIC

We were shown Monday, by our friend, Mr David Boring, a copy of the Ulster County, Gazette a weekly published at Kingston, Ulster County, New York, dated Saturday, Jan. 4th 1800. The paper is an excellent state of preservation and the printing is still very clear and distinct. It is surrounded on the inside with heavy, black lines as an indication of mourning for the death of Gen. Washington. It contains an account of the funeral ceremonies.

CABBAGE WORM

The cabbage worm need no longer be a problem to gardeners. Mr. R.J. Lyle of Bald Hornet, Montgomery County, observes he has eluded the pestiferous destroyer by covering the plants in carvass, a yard in width. As a result the plants grow rapidly and head perfectly whole and sound. An experiment similar, in East Tennessee, is the bagging of newly formed grapes clusters which gives a larger berry and much richer taste.

A terrific explosion was set off in Clarksville, Tenn, through spite by a party of Irish stone-masons who have been at work on the Clarksville Mineral Railroad, on account of a dissatisfaction in a settlement with the company. Dynamite left from blasting by them was put under a large stone arch and the entire work blown up. The explosion was near Louise Station, about 15 mile from Clarksville and was heard for a distance of five miles, greatly alarming residents of the vicinity. Nobody was injured, though the damage amounted to a large sum.

LOOK OUT

I will turn my books over to an officer for collection the 1st of April. All parties having accounts with me will please settle before then and save the costs. I have waited as long as I can. Those wanting to settle will address. C.R. SIZEMORE, Druggist, Hendersonville, Ky.

The White Caps are said to be abroad. We warn every body that is engaged in doing anything mean to keep a sharp look out for them. They are not said to be apt to molest peaceful and well behaved citizens, who are attending to their own business. But dead-beats, and people who are living by stealing and other unlawful or immoral means had better take warning. Their hides won't hold shucks by the time they are done with them, if they don't learn to be content with their own, stay at home at night and behave themselves.

ANOTHER LITTLE WAIF

A pretty little girl baby left with a colored woman in Clarksville last night. The little waif was brought to Judge Tyler's office this morning by Aunt Rachael Clark, who occupies a cabin near Ed Ross' gate about 7 miles south of town. She states that a man called at her gate last night at about 12 o'clock asking permission to leave a box saying he had lost one box and wanted to leave one package while he was looking for the other. She told him to set the box inside the gate, which he did. She paid no attention to it, and the box remained there all night. She was afraid to open the box and called in some neighbors, and when they opened the box the contents proved to be a white girl baby about 10 days old, wrapped in some old, coarse, soiled flannel and "old" rags, lying on a little mattress fitted in the bottom of the box, with a bottle of milk by its side. Judge Tyler will probably turn the little waif over to the Catholic Sisters this evening who, it is understood, want it. The box will be kept as a clue to the parties perpetrating the crime, the name "Henry" is cut in the side of the box.

READS LIKE A NOVELA TENNESSEAN FINDS HIS LONG LOST LOVE IN CHICAGO.

A romance in real life, that will discount the tales told by novelists, came to light here today, says a Chicago dispatch to the Memphis Commercial on Sunday. Early this morning John C. Williams, a young Tennessean who is visiting friends in Chicago, while passing along West Monroe Street, discovered the prostrate form of a woman lying on the doorstep of a fashionable flat. It was bitterly cold and a fierce wind came from the lake that cut like a jig-saw. A moan and a cry of pain attracted the attention of the young man, and he stopped and inquired what was the matter. A sob was the answer. Thinking that she was ill and had fallen in a faint in the street, young Williams picked her up bodily and carried her in his arms into a restaurant next door.

He gently placed her on a lounge and removed the veil from her face. Then he fell in a faint on the floor. His fall attracted the attention of the proprietor and a dozen waiters. A doctor was sent for, but before the physician arrived Williams had regained his senses and ordered that wine be given the

woman. The physician and the drug clerk soon put in an appearance and took in the situation at a glance.

The young woman had taken morphine with suicidal intent. Antidotes and a stomach pump were promptly applied, and in the course of an hour or two she had regained consciousness. Then there was another scene. Scarcely had she opened her eyes when she recognized Williams and threw her arms around his neck.

After this scene was over, young Williams told his story. He said: "This young woman was born on a tobacco plantation not far from Clarksville Tenn. Her parents were prominent and wealthy. Her name is Carrie Thomas and two years ago we were engaged to be married. She became stage struck about 18 months ago and without the knowledge of her parents and friends went to Nashville and procured a position as a chorus girl. I have not heard from her since, until I found her almost dead this morning."

The Commercial correspondent found the couple at the Hotel Oxford, where they were billing and cooing like two doves. Miss Thomas consented to an interview.

"The story as told by Jack is correct as far as it goes," she said, "After I joined the opera company in Nashville, I soon found that all is not gold that glitters. Instead of leading the life of a fairy on the stage as I imagined, I discovered that I had a hard life to lead.

"The opera company soon went to pieces and after a great delay and exertion I finally procured another position as a chorus singer at a small salary. We traveled all over the country but played to bad houses. The other day the company collapsed at a small town in Indiana, owing me eleven weeks' salary. I did not have a cent to my name, but a conductor on the Monon route kindly passed me to Chicago, where I hoped to find employment. In vain I searched for work until I was exhausted. I could not go back to Tenn. and fact my people so I thought I would become an outcast. Rather than disgrace my aged parents, I concluded to commit suicide. I swallowed a large dose of morphine and had fallen on the doorstep where Jack found me. Wasn't it funny to think he should be just where I was when I was so cold and heart-broken and ready to die." They will be married tomorrow.

MARRIED

Mr. David Alley and Miss A.L. Jones, of Salmon's Branch were married at the residence of the bride's father, Mr. J.W. Jones, Sunday, J.V. Deck Esq., officiating.

MARRIED

A matrimonial event of rather unusual and romantic interest occurred near Clarksville on the 8th. Mr. J.H. White, of Quarah, Texas was united in marriage, at the residence of the bride's father, three miles south of Clarksville to Miss Mary, daughter of John T. Richardson, Esq., The bridegroom sustains a high character and the bride is one of the most beautiful, intelligent young ladies of the county. The NEWS heartily congratulated.

A GOOD CUSTOM

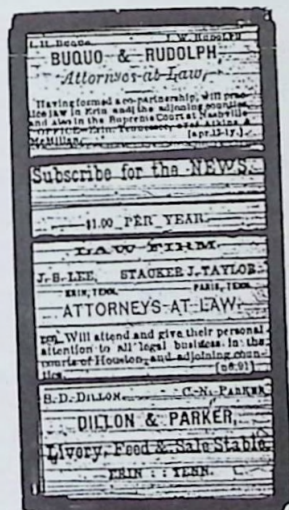

There is said to be a place in this county which has a very peculiar way of showing its virtuous indignation whenever a fellow tells a big lie.

At Stewart, whenever any person draws extravagantly on the credibility of his neighbors by relating an extensive narrative in the social

circles, it is the custom to listen with the most profound attention to the end of the story, when some one in the hall calls out SING and they proceed to render "Hark from the tombs a doleful sound," or "There is a fountain filled with blood," with a vigor that fairly makes the welkin ring.

Again, whenever a luckless wight tells what is intended for a humorous story his auditors attend with the most grave and polite attention while the yarn is being told, elongating their faces gradually as he reaches the climax, and then, after a few seconds of interval of the most absolute and oppressive silence, break out into a most ghastly, hoisterous and unnatural guffaw, whose sonorous loudness rivals the braying of a donkey that has jumped into a clover pasture.

As a result, it requires a great deal of genuine gall, solid brass, hard sheek and more unadulterated hardihood for a fellow in Stewart to attempt to tell an anecdote of questionable veracity to perpetuate a bad pun, or to try to be witty unless he is dead sure of a ten strike.

Before you buy anything ask two questions:
"Do I really want it?"
"Can I do without it?"

HONESTLY ANSWERED.

these questions may make you rich but they will never prevent you from buying **SAPOLIO**.

Its uses are many and so are its friends, for where it is once used it is always used. To clean house without it is sheer folly, since it does the work twice as fast and twice as well.

HORRIBLE MURDER COMMITTED

Charley Kent, about 26 years old, and a tenant farmer on the farm of Robt. Lockhart, 2 miles below Erin on Walls' Creek, killed his wife with a hatchet early Thursday morning striking her several blows and fracturing the skull in three or four places.

It seems that the husband and wife had been having some disagreement for the past few months but none immediately preceding the tragedy. The family, consisting of Mr. Kent his wife and three children, the youngest only 7 weeks old, had partaken of breakfast at the usual hour and Mr. Kent was about to start to the field to work when he suddenly seized the hatchet and began to rain blows upon the head of the defenseless woman, striking blow after blow on the head of the defenseless woman, who fell helpless to the floor in the presence of the children. Mr. Kent then left the house and went to the spring nearby where he found his sister, Mrs. Willey Lewis, who lives a near neighbor to the Kents and gets water from the same spring. He told his sister that he had killed his wife and asked her to go to the house and look after the children. Mrs. Lewis, accompanied by another woman, went to the house where they found Mrs. Kent in a pool of blood on the floor, alive, but unconscious. They summoned neighbors and called Dr. G.D. Boone, of this place, who attended the unfortunate woman dressed her wounds and made her as comfortable as possible, realizing that she was fatally injured and death was only a question of a few hours. She lingered in great suffering until one o'clock Friday morning, at which hour she died.

Kent never returned to the house after talking to his sister at the spring, but came to Erin immediately and surrendered to Sheriff Roby, telling him he had killed his wife, but refused to assign any reason for his rash act or to discuss the matter further.

He was arraigned before Esq., C.N. Parker on Friday afternoon and on waiving examination was committed to jail to await the action of the Grand Jury at the next term of Circuit Court.

HOUSTON COUNTY NEWS THIRTY-TWO YEARS AGO

Through the courtesy of Mrs. B.K. Lockhart, we have been reading the Houston County News of April 19, 1891. As the files of the News for all back time were burned in the fire of Tue. evening June 9, 1914 which consumed The News property with the exception of the 10 X 15 Chandler and Price job press, the only copies of the paper to be had back of that date are in the hands of subscribers, who have kept a copy of some issue having articles of historic interest to them. The one in Mrs. Lockhart's possession has the obituary of her mother, a dear good woman who went to rest April 14, 1891.

Erin merchants of those days were better advertisers than now. We find in the issue above mentioned, the display advertisements of the following firms in business here at that time: Geo. E. Rauscher-general merchandise; Harris & Buquo-clothing, boots & shoes; Hoppes & Edwards-proprietors of Erin Plaining Mill; G.W. Brown-general blacksmithing and manufacturer of Erin Wagon; J.M. Nesbitt-funeral director, undertaker and dealer in furniture; Houston College-M.H. Hogan-principal; W.R. Boone groceries, hardware and tinware; Thos. Arnold-boot and shoe maker; E.L. Collison, Jr., -photographer; Say House-E.B. Nichols landlord; The Bauer Cooperage Co; Dillon & Parker-livery and feed stable; Scarborough & Martin; Buquo and Rudolph; W.J. Broadus; attorneys at law; J.W. Holder-barber. Merchants advertising in the "Locals" were A.M. Lowry, -dry goods and notions; C.E. Mulvey-druggist; C.R. Sizemore-druggist; Eker & Carter-furniture and groceries; Joe Harris-store on front street.

The firm of Harris & Buquo was composed of Messrs. V.R. Harris and H.H. Buquo; Hoppes & Edwards of James Hoppes and J.F. Edwards; Dillon & Parker of S.D. Dillon and C.N. Parker; Scarborough & Martin of J.M. Martin and Duncan Martin; Buquo & Rudolph of H.H. Buquo and J.W. Rudolph.

There were news letters from Arlington, Stribling, Tennessee Ridge, sailors Rest, Taylor's Chapel and Hatcherville.

There was one column of local items, and several articles under headings, concerning court proceedings and other interests of county and town importance, one of which was the brass band, which we copy in full, to wit: "The Erin Brass Band is under full blast under the able leadership of Prof. C.C. Cook. The new instruments have arrived and the boys are well pleased with them. The band from this time on, will be under the control of the Knights of Pythias, Uniform Rank 22, Tenn. The following are the names and positions of the members: C.C. Cook, general manager; John Miller, leader of the band; C.R. Sizemore, 1 b flat cornet; Jesse Darnell, 2 b flat cornet; Claude Sizemore, 1 alto; Horace Knight, 2 alto; Henry Nichols 3 alto; Louis Robt, 1 tenor; Ira Rauscher, 2 tenor; Ben Knight, tuba; Will Holder, Snare drum; Will Pulley, base drum; all of whom are good musicians, having had some experience and practice.

Our town can again congratulate itself on having one of the very best bands in Middle Tennessee.

NEW PHONE OFFER

Mr. L.A. McCauley, owner of the Home Telephone Co., is making an attractive offer to prospective country patrons. He will put in the wire and box to any point within 7 miles of Erin without charge the patron to furnish and set the poles necessary to reach his house, for which poles Mr. McCauley will allow \$1.00 each, the amount of \$1.00 to be credited on each monthly bill until all poles are paid for. This is a liberal offer as heretofore the cost of poles and setting them have been borne entirely by the patron, without credit on account for them. This arrangement should encourage many farmers to put in phones. It is desired to have at least five on a party line. The charge for rural service is \$1.75 per month.

CALLED HERE BY DEATH OF MRS. RITTER

Mrs. Ritter, daughter of Mrs. Partridge and sister of Mrs. G.P. Abchison, was beloved in Erin, where she spent her vacations. Relatives and friends from a distance, here to attend the funeral of Mrs. Stella Ritter are: Mrs. G.D. Morris and child, Mrs. J.F. Winfield, Mr. M.A. Morris, wife and child, Miss Annie Nichols of Paris, Mr. Carlisle Abchison and wife, Memphis, Mr. Ed Partridge, Troy, Ala., Mrs. Bradley Rowe, Chicago, and Miss Marie Barker, Mayfield, Ky.

Mrs. Fannie Harer, who is spending the winter in Paris, is home for a few days called here by the bereavement in the home of her neighbors Mrs. Partridge and Mrs. Abchison.

IN LOVING MEMORY

The angel of death has one again come into our midst and claimed one of our brightest young friends, Miss May Latimer, who departed this life, Feb. 11, 1923, aged 23 years, 4 months and 6 days. She was a fond child, a kind sister and a true friend. Her many friends hated to give her up but we can only hope to meet her in heaven where there will be no sad goodbyes.. She professed faith in Christ in 1914 and lived a true Christian until death. In her last hours she called her loved ones around her and said, "Now I cannot last long, but I am ready and not afraid to die" She leaves a mother, 4 sisters and 2 brothers to mourn her loss. Services were held by Mr. Lee Triplett.
